Dear Ms Marshall

Our aim is to always be there when you need us. Whether it be at the road side, in a remote location or a busy city, our medical team will be there thanks to donations like yours.

I would like to thank you for your donation to the North West Air Ambulance Charity received as proceeds from Reticule Challenge, Kendal. Special thanks to all involved. Your **£500.00** donation will enable our pilots, doctors and paramedics to save lives every single day of the year.

People like you helped us to raise £5.4million last year, which kept our two helicopters operating in the air and attending missions. We were able to introduce doctors onto one of our aircraft to work alongside our paramedics, meaning the hospital is brought to the patient and that vital seconds are saved at the scene. Major trauma victims are now benefiting from the additional expertise, knowledge and skills of the specialist doctors on board.

If you or any one else would like to get involved further please get in touch with our fundraising team on fundraising@nwaa.net or contact the office on 0151 547 7830.

With you on board we can continue our mission.

Yours sincerely
